Crop of Injunctions Between the Bay Shore and Light Co.

BAY/SHORE GETS AN INNING

More Warrants Sworn Out in the Case of Napoleon Bonaparte Joynes and 10 Friends Assaulting the Editor in of the Norfolk Dispatch.

(Special Dispatch to The Times.) NORFOLK, VA., April 15.—The Bay Short Electric Railway Company have won what they regard as a signal victory over the Norfolk Railway and Light

Company.

Circuit Judge Prentiss has decided that the Bay Shore has the right to proceed with the proceedings under which they look to condemn a right of way through Virginia Piace, and Mr. H. L. Page, the head of the Bay Shore Company, and Mr. J. Edward Cole, attorney for the contrary said this morning that the company, said this morning that the condemnation proceedings pending in the Norfolk County Court will now proceed

Vigorously.

The Bay Short folks are jubilant to-day

The Bay Short folks are jubilant to-day over the decision of Judge Prentiss. HISTORY OF THE BATTLE. The history of the battle between the Williams syndicate enterprise, the Norfolk Railway and Light Company and the Bay Shore, which Mr. H. L. Page and Baltimore capitalists are constructing as a competing line, has been a lively one. When the Bay Shore track was headed through Virginia Place, a Norfolk Proceeding and Competing Competi headed through Virginia Place, a Norheaded through Virginia Place, a Nor-look suburb, Mr. C. M. Randolph, of the Williams interest, bought the suburb, streets, lots, homes and all, and thus blocked the path of the rival. The owner held that the streets which he owned had not yet been dedicated to public use. Then a crop of injunctions was sown, and the Bay Shore was enjoined from condemning a right of way.

CROP OF INJUNCTIONS.

The Bay Shore folks also sowed a crop of injunctions, and one of these fructified. Judge Prentiss deciding that the first injunction shall be perpetuated and the County Court is now expected to con-demn the right of way for the Bay Shore. Construction work upon the Bay Shore line has been going on upon both sides of Virginia Place gap, while the legal battle proceeded, and by the time the gap is closed the Bay Shore will have a line over many of Norfolk's streets and down to Bay Shore on Chesapeake Bay. near Ocean View.

It is regarded as possible that the Nor-folk Railway and Light Company may still have cards unplayed and may conthree the obstructive tactics, but this is not known to be true. NEWSPAPER ASSAULT CASE.

STAUNTON, VA., April 15—At the quarterly meeting of the Board of Directors of the Western State Hospital to-day Dr. Benjamin Blackford, superintendent, submitted his quarterly report, which shows the asylum to be in a healthy condition but pressed to its utmost capacity. The following is an extract from the report; Number in hospital, 1,04; admitted during quarter, 5; died during quarter, 13. The superintendent recommends substituting granolithic pavement for the old brick walks around the buildings, and to erect a building suitable for an industrial shop, which can be done at a small cost, in order to provide more diversified employment for the natients. The number of amplicants for admission is on the increase in the hospital from the eastern section of the State since the fire at the Williamsburg hospital.

"We have reached that stage in Virginia, in regard to applications of insane persons for admission in the respective hospitals, where a compromise must either be made between the 'tax-payer and the lumatic,' or we must increase the hospital accommodations for our unfortunate fellow-citizens. The entire population of the two South African republics at the beginning of the war was less than one-tenth the population of the Cook county, III. This handful of people have for thirty months been at war with solders gathered from all over the world by Great Britain. For more than one year the women and children have been herded in reconcentrado camps, being thus deprived of all means of support. They are now totally dependent. One-half the children are dead. but there is still time to help the other half. The mortality among the women has also been frightful.

We desire to collect 5.000,000 checks and drafts of \$1 each from all parts of the United States, payable to Theodore Roosevelt, to be presented to him as a pereition for such aid as he may be able to render these people and as a practical and beneficent demonstration of the sympathy of the people of America for these reconcentrado camp sufferers. The blue blue Club Kitchen

(By Associated Press.)

CHICAGO, ILLL, April 10.—A savage duel with 18-inch butcher knives, which will probably be followed by two deaths, took place in the kitchen or the Union League Club last night. The principals were Emil Colton, butcher and Jules Kuntz, chef. They cut and slashed furiously-until both fell from loss of blood.

Colton's left hand was almost cut off at the wrist and Kuntz received four wounds, which severed eight arteries, his skull also being fractured. The combat lasted ten minutes and was witnessed by several other employes of the club, none of whom dared to interfere.

The men were not separated until both foll to the floor, weak from loss of blood and stin trying to strike each other. Both were unconscious when they were removed from the kitchen.

Colton had been discharged from the club and the trouble arose through his having accused Kuntz with being responsible for his dismissal.
